

Rainbow Caterpillar

Challenge Number 3

Make a boat for a Caterpillar

- Using natural materials - leaves , bark , twigs

Suggestion 1

- Find a small piece of bark for the bottom (hull) of your boat.
- Using a small piece of blue-tac attach a straight twig to the hull for the mast
- Thread a leaf or two on to the stick or find a curved leaf for the sail.

Suggestion 2

- Find a large leaf strong enough to carry a small twig
- Try your boat out in the bucket of water
